Philip's
life...

Maybe I would
even see a drop of
blood, does it

You've entered
very quickly this
time.

I guess I was
nearby...

... You know
it's not all this
time.

I do know. You've
to live enjoy that
privilege, while you
live it.

Do you still

The price of your
privilege was my
king's life.

Which no live can
thou do it.

「何事か、
お尋ねしますか？」

「お尋ね
しますか？」

Unlike the others,
my objective is
different.

All I want is four
answers.

Now tell me.

「おそろい
おそろい」

Chapter 1

JANIMES.COM

There should be!
But the inner your heart
being speechless?

And how does it feel
Hay to still be something
when your heart is
not with you?

I will rip your heart
right out, vein and
quilt.

As long as I can.

So I'll see...

Where is she?

And what does
"a thousand
years" mean?

타블라

But if
breakfast is over.

Ah, perv !

따당

Watch before entering !
I was changing my
clothes !

You are coming
in now.

You want to leave
just now I have the
things to get your
more.

That was my job
I can show my
body to you for
a fee, Miss

Anyway, I don't think
outer magic works on
you.

Is it because I am from
another world?

This also
means people
in this world
may not think
the same.

100 years

No!
Let's relax!

Let's get back home
with a immortality
potion or something!
I will be rich!

Oh, I know how
much is the
money

Money, Money
Money, Money
Money, Money
Money, Money
Money, Money
Money, Money

He has lived so many
poor, thinking about
only one person...?

Is that?
For one?

I will buy if you
put girls on it

Good
economy
rule

Not that one.
Over there, it's better

Angus... this
town seems to be
pretty quiet

Yep, that's our town
right. If you are just
passing by, there is a nice
place to get a rest

Has there been any
strange events
recently?

But there is a
strange person

I am not sure about
strange events

Who are you?

TAKESHI YAMAGUCHI

Hmm, well...

ABOUT YOURSELF

Oh... I'm just a transfer...

I was told that... you can share some interesting stories...

Hub?

So what do you want to know?

The place is not
quite as nice
as it is...

ABOUT
YOURSELF

About... me

Rune ?!

강박

I am so glad to
see someone else
has interests in
runes !

Rune, rune magic !
It makes the world
function !

People these days
don't know what
it really is capable
of !
Only I know its
true value !

Come on
be

U
U

You're come to the right
person if you want to know
more about rune. How
this too and let's talk !

팡

Actually what
I want to know
is that ..

Rune is a language,
far more elegant
than our own.

Yes, I know,
but what !

What would
you know ?
My way would
you know more
than I do.

I've devoted
my whole life

in collecting books
related to knowledge of
rune 1

*The name in Korean had been
이츠 돌래거로르 미남제 마루제왕교스
Apparently ridiculously long and hard to
transliterate name
I just contemplated the name and y-maps
wouldn't it be fun to hear it sounds

Philip's mother...

She is the wife I respect the most. She had everything: grace, dignity, elegance, and tragic life.

No researcher says for her life.

For reading.

She was the best...

The best.

People who were wife did not trace war at all.

They were peaceful, shy, and quiet. Most were women also.

I thought the king of talent was the best in that era.

At his death.

What king?
Oh, him...

I wouldn't say he was the best, but he was rather unique...

They understood the nature, and therefore, they hesitated along with the nature.

All violence and destruction were what they hated the most. Wars in other words.

but that was also
why codes were
begun to be abused

Especially after
"Knights" appeared.

Knights are basically
a few chess sets.

They can use magic magic
created by codes, but
codes create their own.

Knights also do not
understand our
language, so they used
it without guilt.

Consequently, codes
were "thought out"
by politics.

At some point, codes
became more tools to
create new magic for
knights.

To pretend reality
codes started to
control reality
and I've killed forward
like too. The one too.
And that one...

I suppose snakes were at fault partially as well since they could not adapt.

So about the King of Albedo?

He had the quality as a snake but did not have any understanding of the nature.

He was both a snake and a knight.

He may have understood the nature but did not because of all his other inner things.

That's why he looked like the best.

Snake has that way that's what makes him cool and the best, but Albedo has that cannot agree. Without the Albedo was was simply amara pride as a snake and a human.

Snake has that as well.

Well, now that's, his existence was a proof that blood of snake was getting humans.

To make the matter worse, snakes' children were mostly born disabled in one way or another constantly.

Yes, for Father's, Beyond Albedo.

Reason?

I thought "Rapunzel"
was a name ?

U... that's a common sense !
Kids these days ... ! This is why
I hate'em !

What ? No, it's a title.
"Da" means a prince
"Rapunzel" means long...

Who'd dare calling
a lady by her name ?

Read this book and
memorize !
This is the history of
your own country !
Come on, read it !

I, forget it, old man !
And it's not my
country !

Agh ... in the end,
I memorized

I should have listened to
Rope!

We should have left
here in this morning...

She looks like she's

Gory.

My first call.

Everyone.

My faithful

And my lovely
niece.

Everyone.

They said you
were gone.

But I...

I believed

That you were
also somewhere
somewhere...

But...

For so many
hundreds years

You've been
looking for me

I am sure there
were no witnesses
at all

I am sure that

No one ever
became involved

Rogen !

Back at his friends

I am nothing but
a mere shell of the
past.

I have no more
power.

I went on simply
because I didn't want
have powers to end
myself.

And now I don't
think this shall end
but much longer.

So before it's truly
over.

I thought I should
find you guys.

Just for once

I wanted to see

Do not cry

Do not cry
Gery.

I should have told
what it happened.

But I somehow
dragged on until
now.

I was really glad to
see you again.

I know you might
want still more.

Your time
and others.

Sometimes luck
would lead me to
traces.

And whenever
I saw each trace

I missed you guys
and at the same time,
I felt sorrow

Did you sacrifice
your eyes for...

You are...

Grandfather?

I thought you'd recognize me, but you didn't.

No, I didn't
tell you

Haven't you seen
my face before?

— I was told that
the king had red
eyes.

I had to redesign
my circles and
then decide then
come up with a
counter spell

Of course, I didn't
have time to sleep

Want on my eyes
blind, so I could
hardly see.

"Funny" you
say?

It's funny that
it's somehow
grounded because
of this.

Did I hurt your
feelings?
I am sorry.

My point is that
it wasn't easy to
shallow a country.

It's always better to
be said than done.

...Kazuki's parents
was an exceptionally
strong fan.

And the outcome of the war wasn't very favorable to anyone.

... You are really Roderick Black Crossmaster ?

You really haven't seen me ? I attended your parties in Abashiri for many years after I became the king.

And I went to Abashiri on every diplomatic matters. Weren't you a knight ?

He's a butterfly.

isn't he ?
the master

Still don't believe me ? Look, you are still alive, so others could also...

His family vowed their rank rigidly and confined themselves in their land for most of times.

Ulrich Blackbrook

Any more like you?

If so you would have had
only two chances
to visit the royal
castle

Yes, come to think of
it, I don't think I've
seen you, either

But I remembered your
face from a portrait
Philbert had

I took the portrait
away from her

Though I can't
recall what I did
without afterward

There are a lot of
unanswered questions
and mysterious doubts

Do not come
any closer

There is nothing
more to talk

But my primary
object was to find
Rogin. And it is
done

I was positive that
she was done for

And let me comfort
you. She did not
lose to her own
name code

Her name code
was perfect

It was my first time
seeing such a name
code. It was
amazing

I had absolutely no
idea that she was such
a capable code

I'd hate to be stopped by
these men and to
be surrounded by...

I accepted my death
quite quickly and
decided to go down
with her.

And there was
absolutely nothing
I could do.

I won't going to
go down alone.

You accepted
death... easily
like that?

I thought of you...

She was such a capable
sister. And now she is
desperately looking for
the three rare stones.

I suppose her
situation is bad.

Let me help you.
Let me bag along.

Who knows?
There could be a
miracle and I could
be healed.

...but she told
you were a waste.

Rights would
never know this
secret.

It was utterly
and covered.

It was relaxing,
beautiful and
stunning.

To defend myself
I was carrying the
same code as I was
being swallowed by it.

But I had to give
up some other.

And at the same
time, it was true.

I could have never
come up with such
a circle.

He who was being
circled up in a
fashion as a circle.

The simplest
way to describe
the circle is...

It was like darkness
itself compared the
circle.

Darkness
JANISSE TOWN

One who takes an oath provides financial support and one who swears an oath will promise to support one's master with military aid and protection.

The ceremony for an oath was very simple: it was a simple as two people gathered on a spot. One would be on knees and hold one's future master's hands. An oath will be spoken and they will exchange a kiss on lips to seal their oath. Though simple, this ceremony held a strong bond between a master and his servants.

There were only three ways to break an oath.

1. Either master or his servant does not fulfill one's duty.
2. Either master or his servant harms the other.
3. Either one dies.

In R2's case, if a master was killed, his servants would avenge their master and then announce their oath.

Get used to it
fast. There is
nothing anyone
can do.

You look ... older ?

Again ...

Then how ?

Gary

Yes

I couldn't find power
time like
breakthrough

I will explain
to you one day

I am not a long
anymore

I will be your servant
and you will be my lord

What the hell is a zombie doing in a zombie state?
Are you trying to tell me that
the sort of zombie is no
concern in breaking
fast during winter?!

Or if you guys decide
to feed me all together?!

If so, then so be it. I am
loving you malices!

Get out of my way!
I don't need help from
some crazed zombie
malices!

When is the
meal coming?!

Get the food
here already!
I am out once
I am done
eating!

TH

It is not common at all
This is the first time,
I believe.

What did you say?!

Don't, don't throw all into it...

We really need food like water for us.

Some may have been able to do it in the past.

But immortality is against the rules of the universe.

People dream of it, but none in their right mind has thought it was possible.

But...

The wall has been broken,

No matter how hard something is, once it's been done.

It became a matter for someone else to achieve.

Method may not
be the same

But I bring with me
what counts

You even claim that
the sun has touch even
once it King

W... what
did you say ?!

Are you going to hit me
again ?!

First, let's do this !

They chose not to
pursue their paths.

Did I need any
more reason than
that?

I admit that I didn't
pursue them enough
then.

But, I wouldn't have
wondered if they were
really going to leave me.

You do whatever you feel
you want to with other
I don't care, and I am
leaving!

Thanks for nothing!
Thanks for letting me join
in your crazed dreams!

Bye now!

Marchen

Min!

Min...

There is something
I want to know

Grrr...

I really thought

She'd make my
ideal queen

I was wrong
about that

Begin again

You said the princess
is looking for the three
rain stones ?

They said so

ANIMAS COMIX

And that red ...

May I
ask about her?

She is from another
world, they said.

From another world...

You know as well as I do
that a miracle like that
doesn't just happen.

And ...

I think what the
police is really
looking for is

Me.

Wait.

Wait.

Don't follow me |
I don't know you!

Can you just tell me to the princess?

I thought you had
been on the other
side."

We always been
around.

By those
"sudden screams".

If they captured me, and
captured the really hard,
I'm glad, so ...

I rubs my mouth.

This is useless!

Bring paper

Bring paper

Bring rice

"Foods"

And "Compassion"

Bring them to me

Russian Servants

When knights and nobles gave their castles to their king, they are typically given lands as a payment. As a result, king's lands were reduced and became poorer.

Knights, at a later time, chose to swear their oath to powerful nobles rather than the poor king, who no longer had any more lands to distribute.

Russian Donskoy changed the system by drawing out old, powerful, nobles with help of new noble families. There were some knights & nobles who were at the core of the revolution. They were called "Russian Servants".

The Russian Servants were all nobles who had lost their places after power struggles and they swore their oath king before Donskoy became a king, so their loyalty was firm.

They were nobles, but weren't allowed to have private armies, so people started to call them "servants", a term used for a low ranking noble. The term was soon used to refer them in general.

Due to their fierce loyalty and willingness to do anything for Donskoy, they were a team called "Russia's wolves".

Rogan is alive !

Is that so ?
Where is he now ?

Was it confirmed that
the blood stone found
is the same one he ?

There is no evidence
that he is dead

— He ?

하하하

하

That is covered. Grander.

하
하

Is that all you can
come up with?

Go for it, but if you
want to keep modeling
that.

And as soon as possible.

A kingdom without a king
is not a real one.

Why don't you 'screams'
bring it on back?

Especially when there
is a surprise inside for
the first time.

What?!

Freakout!

You know how it is.
That war has messed
up everyone's minds.

Rogan is alive.

You should worry for
what rogan is capable of.

Indeed, they are ruthless.

but without their
alpha pack instinct
they are nothing
more than just
animals.

Yes, Peverell.

We just need to
find Hagrid.

...She didn't bring
her woods.

We have to
understand the
truth.

That's the only way
to find out what has
happened to Bosnia.

Hutu and
Serbs were killed.

Someone they
refused to answer
calls to find.

They are looking
at the rubble.

Because he...

Not dead...

He, you are
talking about
money

Will this be
enough?

Big sis!

She is completely
lost to it

Just looking at it
makes my mind rich.

Say, this is what
a jewelry looks like.
This is the first time
for me to see it
this close.

Repeat...

Would a jewelry
in this world be
a jewelry in my
world as well?

I could bring
Ragna back home.

And I could buy
our home and lands.

If I could bring
something like this
home...

When she told my mom
of my wrong doing,

I wrapped her with a
bed sheet and hid the
corp out of her for 20
minutes morning

We didn't get along
well, and I thought
she hated me

She probably thought
I hated her also

That's why
it hurts more

If I were a better
woman

Would I be
a grating girl now

I will let you have it,
later!

You have money now.
Why do you stand back on
insufficient transportation?

You save while you
have money!

If you become care-
less about money,
you are going to—

W, what the ?!

Hey ! Kids !
What do you think
you are doing ?!

Running into a carriage!
Are you out of your minds?!

Those kids

Himself said Guts!

Kids,
please—

Mrs. Father, they must
have done something
awful again, ah

Oh! That, would you
please call a doctor?

I feel like I am being
in the 1920s.

After they were here,
my career had a good
sleep.

I've always been
an introvert.

이제

당신은 정말

아래로, 위로
이제 그런 기분

Once a small moment
saw me, I worry
if they stopped
something.

I get scared by opening
door, worrying that if
they caused trouble
for others.

One day, my husband
went to London, and I was
going to harvest and
fruit.

We brought the
luck also.

I told them to
stay nearby.
They said yes.

But they soon
disappeared.

I started just look while looking
for them. We had to come home
after midnight, and I was crying.

They were sleeping
at home with dirty
shoes and hands.

They broke many dishes
and ate all prepared food.

No places say that
they will get better
as they age.

But they are just
saying so to
comfort me.

They are getting
worse every day.

Why don't you get some sleep. I will look after them until morning.

I will look them over and make sure that they won't cause troubles.

Everyone get some rest.

... thank you

Once I looked after a mischievous kid

The kid started fire on a field as well. His mother scolded him for a big crime and died soon after.

First of all,
find the kids.

Here, just wait
a second. We--

Well--

You guys have talents
Use it for the good of the
world rather than fighting
for something stupid.

Which one of
them should we use?

We need
more info.

I didn't even see
their faces. God
knows who?

We need
more info.

I didn't even see
their faces. God
knows who?

I can't use the powers
you said it

Doesn't work ?

Let me replace
this word with...
and this word with

someone
with both
talents

and let me
add a few more

Try now

It looks like
that worked.
Garp, follow it.

Yes

... Yeah, you are
supposed to be
a great one.

So

"You can at least
try, can't you?"

"Next, it'll find you lost
and up in some weird
random place.
Are you okay with
that?"

"Do you think
wandering
a person from

it sounds?"

She was an excellent teacher

Oh yeah ?

I am surprised
that she lived till

And you returned
her favor by
destroying her
country

I never forgive

But I respected her
greatly

I strongly suspect that she
changed positions at
night

Killed her I for one rule

As if possible

You could probably
tell me more

But I ask you to
stop. I am not going
to do anything to
your prince

And I am not interested
in whatever she is
planning to do

And I am not planning
to uncover my parent's

I just...

What he would be

Did you see this boss, Gary?
He was so repulsive!!

HA

I hope
there's a
punishment
for
this

That fellow is so
punished! After all
three years.....

I guess he will
have the same
result

Just like
I do.

I wonder if it has
always been this way? :

How about you,
Rapunzel? :

The same

How hard it

My mother and

They had nothing to

Let go !

Fried !

They killed
my parents !

Are you saying
that you're willing
to...

Let's leave tomorrow
to see tomorrow. 21

Make up.

What if we
fail?

Once crossed, there was no going back...

And what if we
succeed?

Don't blame Alex too much, she is doing the best she can

We don't even have a full copy of the notes.

What else can we do?

You sound as if you haven't done anything. You did do everything.

Sorry...

Good news was dying today

I think too really...

Shut up!

We could have not died

That was today

- Gary

How about
this?

I honestly don't
know, but...

Knowing her personality,
I don't think she'd have
tried to live against the
wings of the mutant.

That... is very
true.

Then I guess there
is no more...

Please, release me
from this ordeal.

How about
the others?

How about
Felix and Gey?

How did they
survive?

I do not know

We parted after finding
a series of corridors...

Then we must
seek them out.

I believe they will
be disappointed but
I still want to see them.

No...

No, it'll be...

well?

Fogorn is alive!

Is this...

They

And we
understand

Would you be... - If you are not sure?

If this was all...

Would there be a house
with a lamp?

She was an excellent lady after all.

For you or for the person?

Well, let's not waste time thinking about the impossible.

Come on give them a shot, odd man and pupal too.

I am really sorry, but I like where I am right now.

Gary

There's another

I see...

But...

What? "Already"?
You seem to unfold

What has so
dramatic.

I have plenty of
dramas. You kids
are fascinated.

Let's talk

Yes, I told you so, Gintel!
Once you get old like that,
you can't play even if you want.
So, let's make playmate now!

OK, I understand,
Hansel.

That's the story about
what they are even
saying."

You told them to go anywhere they want.

You... I know their faces. As they will be a map to track.

I told them to go anywhere - they want. I've found nothing for hours...

Where's a Run? Is he with Grey?

I suppose so.

I guess you didn't want to be with them?

How could I ever bring with them?

The queen told her husband
and discussed his intention to
remain as it was important
to keep the unity for the
country.

So, it was exact for the
princess to choose the
method of escape-leaper

And it was also exact
for the queen to give
her marriage

Even so,

In the situation where
our country was facing
total destruction, anyone
would understand

Even so—

Even in the worst
situation of all, she
chose not to give up

Chapter 1

We've run out
of rocks.

You dropped them
too frequently!

But we got lost the last
time when we tried to
use the rocks.
Though we found our way
back eventually.

They told us to go
separate to. I should
go first.

How would they know?
They are strangers to
this area!

We have to take
care of ourselves
on our own!

We could have used another
strategy, but you lost it to me!

It wasn't me!
You didn't handle it properly
in the pocket!

Good, why would
meant take such
much from us?

It's okay, I know where
the enemy base is.
We can attack again!

Do you think some-
thing really precious
to you?

Like what?

Let me see...

I will exclude
such things

Items...

Maybe you made...

...I found it in a room
that looked hidden
under a tree

My dolls,
and my new clothes
I got last week

Would that be
all?

I guess no, I don't
like to have anything
valuable

Can you eat water?

I ask you in command

Your treasure box
it cannot contain
anything too valuable
can it?

And your clothes
you will grow too
big for it soon.

Isn't you think
there is something
much more precious?

Things that you cannot
lose without

Something that
is essential

Such is the definition
of the word precious.
